

DAC-208

On Cycle Heavy Duty Resin Remover

Why was ON CYCLE EXTRA HEAVY DUTY RESIN REMOVER developed?

DAC has developed On Cycle Extra Heavy Duty Resin Remover to provide you with a cutting edge mold cleaner. On Cycle's unique formula furnishes you with a highly aggressive mold cleaner that is used in production, and as a bench maintenance product.

DESCRIPTION:

On Cycle Extra Heavy Duty Resin Remover is a technologically advanced resin removing agent. Its precisely blended formula of agents gives you longer contact time with the plastic for easier removal of resin build-ups. On Cycle's adjustable spray tip allows precise spray direction for cleaning small and large areas, which will help to cut down on excess waste of products.

PERFORMANCE CHARACTERISTICS:

- Excellent for removal of resin build-up without having to remove the mold from the press
- Works on hot or cold molds
- Can be injected or transfer molded off
- Low odor
- Adjustable spray tip
- CFC free
- Fast acting
- Leaves NO residue
- Will not induce bleeding

REMOVAL SPECIFICATIONS:

On Cycle Extra Heavy Duty Resin Remover requires no removal.
