Paintable Mold Release

Why was PAINTABLE MOLD RELEASE developed?

Paintable Mold Release was developed to provide you with a multi-temperature paintable mold release that will not attack plastics or smear onto parts being molded. It also leaves you with a worry free finish.

DESCRIPTION:

Paintable Mold Release works efficiently on both hot and cold molds. It is CFC free and free of chlorinated solvents. It will impart a smooth dry film, which is biodegradable and non-toxic. It can be used where parts will be painted, hot stamped, metalized or otherwise decorated.

PERFORMANCE CHARACTERISTICS:

- Will not alter electronic signals
- All temperature, paintable mold release
- Semi-dry formula to prevent transfer onto parts
- This solvent free mold release eliminates the breakdown of plastics
- Provides you with coverage up to 600°F temperatures
- Food accepted
- Economical

REMOVAL SPECIFICATIONS:

If build-up occurs, flush with DAC-103 Universal All Purpose Degreaser.
